

1. Unpack the lamp

2. Prepare the light fixture for assembly

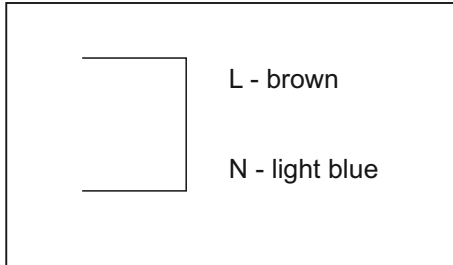

3. At the specified location, measure and cut the hole

4. Connect to the lamp via the connector electronic resource

5. Connect the 230V/50Hz power cable to the electronic ballast

6. Snap the lamp into the hole using two spring flaps

According to the applicable General Terms and Conditions of ELEKTRO-LUMEN, s.r.o., the warranty on delivered goods, except for batteries for emergency lighting systems, is 24 months from the date of receipt of the goods. For batteries for emergency lighting systems, the warranty is 6 months from the date of receipt, provided the battery has been properly formatted. This does not apply to contractual warranties.

Occupational Health and Safety (OHS):

When installing and working with the lighting fixture, adhere to the rules for workplace safety and health protection. Potential risks include working at heights, falling small objects and debris, sharp edges, and electric shock. Basic protective equipment should be used as appropriate to the situation and tools employed—this includes workwear, protective footwear, safety goggles, a protective helmet, protective gloves, a reflective vest, and hearing protection (not provided by ELEKTRO-LUMEN, s.r.o.).

Warning:

Images in the installation manual are for illustrative purposes only. Electrical connections and installation must be performed by a technician with electrotechnical qualifications in accordance with Regulation No. 50/78 Sb. The lighting fixtures may only be operated if they are undamaged and clean. The manufacturer accepts no liability if the product has been modified or improperly installed. Installation and use must comply with the General Technical Requirements, which are publicly available on the website at <http://el-lumen.cz/o-spolecnosti/dokumenty/>.

Disclaimer:

Changes without prior notice are reserved. Errors and omissions excepted. Always ensure you are using the latest version of the installation manual (available on the website at www.el-lumen.cz).
